Woodhaven, MI 48183

(734)692-2230

Dear Parents:

In order to implement more stringent health screening protocols (as mandated by the Wayne County Health Department), we are now expecting that a parent completes the health screener, online, for their child(ren), **each day** that they are to be in attendance. This is the same process that all employees in the WBSD have been completing.

This is an important **requirement** for the district to continue our face to face instruction. This screener is similar to the one that we have been asking you to do daily since the beginning of the year. This screener is available on an online platform through a google form application.

The screener can be made available by using this QR code.

Or by clicking this link: <https://screener.wbsdweb.com/>

Please note that if you answered yes to any of the questions in the screener you will need to keep your child home and follow the guidance provided by the Wayne County Health Department.

Your help in making sure our students and staff are healthy and safe every day is appreciated.

I will look forward to seeing in-person learners with last names A-L tomorrow and Friday and students with the last names ending in letters M-Z on Thursday. Please see the attached schedule that covers through Friday, January 15th. Please also remember to send devices with students to school in grades 1-5 each day and assist those students in making sure the devices are plugged in and charging during asynchronous days when they are home.

Please contact me if you have any questions or concerns.

Take care,
Tim Podlewski, Principal
