

STUDENT BIRTHDAY CELEBRATIONS

Recognizing your child's birthday is important to us and we understand the importance of celebrating their special day with their classmates. However, sending in a food treat to the classroom can exclude those children who have food allergies or other dietary restrictions. For this reason, and in efforts to promote healthy lifestyles for our students, we respectfully ask that cupcakes and other food items NOT be brought in to the classroom as a way of celebrating students' birthdays.

Think about a book to donate to the classroom, a board game or sports balls or equipment for the kids to use during outdoor recess. Please consult with your child's teacher before your child's birthday for good suggestions on what you could bring to celebrate.

Thank you for understanding!
